Response to Line 510 - Service Quality Standards and Consumer Protection Rules

Compliance – Voice and Broadband

In establishing this certification in its 2005 ETC Order, the FCC found that an ETC must

make "a specific commitment to objective measures to protect consumers." ² The FCC found that

for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy

this requirement and that the sufficiency of other commitments would be considered on a case-by-

case basis.3 In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is

subject to consumer protection obligations under state law, compliance with such laws may meet

our requirement."4

Cameron Telephone Company, LLC ("Company") hereby certifies that its voice service,

and broadband service where regulated by these laws, complies with applicable service quality

standards and consumer protection rules under Louisiana state law and federal law. These

provisions include, but are not limited to, the following: 1) customer service regulations for

The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: "(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection

of consumer privacy." Id. at n. 71.

Part §64.2401; and, 5) compliance with federal CPNI rules, red flag rules and other applicable federal and state requirements governing the protection of customers' privacy.

Concerning broadband service specifically, Company hereby certifies that while there are no applicable state broadband service quality standards and consumer protection rules yet established under the Louisiana Administrative Code by the Louisiana Public Service Commission, the Company discloses rates, terms and conditions on its public web site and the Company complies with applicable federal and state customer protection standards generally applicable to all businesses operating in Louisiana. In addition, the Company adheres to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the 2015 *Open Internet Order*, as it applies to the Company.

Response to Line 610 - Ability to Function in Emergency Situations for Voice and

Broadband

Cameron Telephone Company, LLC ("Company") hereby certifies that it is able to

function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54,

Subpart C, §54.202(a)(2). The Company's network is designed to remain functional in

emergency situations without an external power source. Additionally, the Company can change
